A BLOW AT THE WEST.

A Bill to Further Demonetize Silver.

U. S. TROOPS IN POSSESSION OF WALLACE.

Sensational Murder Case in London, England.

Special to the APPEAL.

Sherman's Venom.

Washington, July 14.—In the Senate today Sherman introduced a bill repealing that part of the present Silver Act which provides for the monthly purchases of bullion, to take effect January 1 next. The bill provides that so much of the Act as directs the Secretary of the Treasury to purchase from time to time silver bullion to aggregate 4,500,000 ounces or such portion thereof as may be offered, each month at the market price thereof, and issue in payment for such purchases of silver bullion treasury notes of the United States, is hereby repealed, to take effect January 1, 1893; provided, however, that this Act shall not in any way affect or impair or change the legal qualities, redemption or use of the treasury notes already issued under said Act.

The Miners Ready to Fight.

Spokane, July 14.—Reports from Couer d'Alene are of the most sensational character. The wires have been repeatedly cut, and the newspaper correspondents are naturally prisoners at Wardner. Several press representatives took along telegraph operators with them in anticipation of wires being cut. A dispatch has reached here to the effect that twelve non-union men who were being conducted out of the country were all killed by the guards. The dispatch bears no signature and is not considered reliable, as it is believed that the strikers would not have committed so foolish an act. It is reported that over 3000 strikers are under arms, and they have taken a position in the Mullen defile, where they will meet the colored U. S. Troops in engagement. The defile is a precipitous pass in the mountains, where a few hundred men could repulse an army. Superintendent Monaghan of the Gem mine is reported not only killed, but almost cut to pieces. Refugees from the scene of the trouble confirm the reports of the killing of the non-union men. All people suspected of anti-union sentiments have been driven out of the country, and some badly maltreated. The U. S. Government will concentrate troops in the District and subdue the rioters if it takes 10,000 men.

TROOPS OCCUPYING WALLACE.

Wallace Idaho, July 14.—Four troops of infantry have arrived here, and guard is now distributed through the town. Wardner is almost deserted, except that the militia is now occupying the place. All signs of trouble have disappeared. Military headquarters have been established here, with Gen. Curtis of the National Guard in command. The troops are quartered on a vacant lot adjoining the Carter house.

To The Death.

New York, July 14.—The Mail and Express' Homestead correspondent quotes a strike leader as saying: "We will keep order even when we see the mills occupied by non-union men; but when the militia goes—well, I do not care to say how it will be done, but I hope bloodshed will not be necessary. When the mills are cleared of non-union men, if there are Pinkertons here then, they will be shown no quarter. The end of this contest is to commence after the departure of the troops, and we will sell our lives for all they will bring."

The St. Johns Fire.

St. Johns, Newfoundland, July 13.—Several persons have died since the fire, in consequence of fright and exposure. Most of the people are now temporarily housed in sheds and tents, but provisions and clothing are needed, and relief should take these forms. The insurance agents held a meeting today. The reports showed that the losses covered by insurance placed in agencies here amounted to \$4,250,000. It is estimated that the total of the losses is about \$15,000,000.

Several persons were sent to the lunatic asylum, their minds having

been unbalanced, owing to losses by the fire.

Willful Murder.

London, July 14.—The inquest concerning the death of Matilda Clover, the girl whose body was exhumed on suspicion that she died of poisoning, has resulted in a verdict of willful murder against Thomas Neill Cream, the man believed to have killed by poisoning a number of girls in London and America.

Fight Off.

Boston, July 14.—The Greggains-Benny fight has been declared off. Greggains and Costello will probably fight in San Francisco.

Death of the Gripman.

San Francisco, July 14.—An unknown boy 12 years of age, was fatally injured tonight, by a cable car on Howard street.

San Francisco, July 14.—Baseball, Oakland 9, Los Angeles 0.

ALTERED THE MINUTES.

How the Commissioners Fortified Their Work.

When Gen. Clarke was making his argument before the Board of county commissioners last Monday he held that the contract for Printing amounting to over \$500 and therefore must be advertised for 30 days and let to the lowest bidder as the law directs.

Commissioner Martin held that it was two contracts, one for printing and one for advertising. Gen. Clarke held that printing included advertising and quoted Webster's dictionary to prove his assertion.

"Why gentlemen," said the Gen., "here are the minutes of your last meeting and they state in black and white that a contract is to be let for county printing and advertising. Not county printing and county advertising but the two are joined by the word 'and,' thereby including both as one proposition."

Messrs. Martin and Bray seemed cornered at this for it showed by the Board's own acts that the bid was one proposition and thereby came under the \$500 law.

For a few moments they had nothing to say, when Summerfield looked at the minutes, and with a sudden grin remarked:

"They haven't been accepted yet."

Then the Board smiled and decided to take no action.

Yesterday the editor of the APPEAL examined the minutes and found that where the words "bids for county printing and advertising" had been written, the words "also bids for county" had been interlined to come between the words "and" and "advertising," so that the altered clause read: "Bids for County printing, also for County advertising."

Summerfield ordered the interlineation made, as it was the only way out of the hole General Clarke put them in, and was a humiliating acknowledgment that the point he advanced was well taken.

The only way to beat the APPEAL's bid was to segregate the contract and shut out the paper that a lot of political boodlers have vowed shall be run out of Carson.

The APPEAL claims no mortgage on official patronage, but when it is deprived of it the men who fight it must keep inside the law.

Young Mackay Apologizes.

A London dispatch says the case of Stewart vs. Mackay came up in the Westminster Police Court last Monday but was settled without resort to further legal measures. The principles were J. W. Mackay, son, son of the American Bonanza King, and Captain Honorable Randolph Stewart, an old army officer. Captain Stewart claimed that young Mackay had sent him a letter couched in menacing terms. When the name of the defendant was called Mackay's counsel informed the Court that his client, who was in Paris, had agreed to make ample apology to Captain Stewart for the offensive remarks in his letter, and pay the costs of the case. This offer was accepted by Captain Stewart, the summons withdrawn and the suit declared closed.

The nature of the threats in the letter was not revealed. Efforts to obtain a reliable explanation of the difficulty between the men were unsuccessful.

The Wilbur Company, billed for the week beginning July 18th, have appeared in Carson twice before, and on each occasion played to crowded houses, giving the best of satisfaction to all. The box sheet is rapidly filling up. See adv.

ALL SORTS.

Days are shortening.

The Curry Juniors were out taking a run last evening.

Chief Justice Lang of Empire was in the city yesterday.

Lieutenant Wiley was treating a good deal yesterday. It was a nine pound boy.

Ormsby County has 897 school children and gets \$3,934 from the State to teach them.

Nevada, Colorado, Montana and Idaho will have 13 electoral votes solid for free coinage.

While the papers are bothering over the name of Adlia Stevenson, it might be a good idea to call him "Addie" for short.

Gladstone has been returned to Parliament by a very reduced majority. He seems to be regarded as something of a chestnut in English politics.

The Reno Gazette is trying to undermine the chief industry of this State by raising a cry of party loyalty. The voters decline to be hoodwinked.

Since the defeat of the Silver Bill in the House, those who were wavering in their politics in this city have now announced that they will vote the silver electoral ticket.

Judge Walter Q. Gresham is said to be a firm believer in the principles of the People's party and he will deliver a speech in advocacy of the election of Weaver and Field at Chicago.

George Irwin has leased the old stone lodging house opposite the Arlington House, and it will hereafter be known as the Alta House. The place has been thoroughly renovated, and everything about the place is neat and clean.

Judge Wells left last evening for California where he will take up his residence. Since the silver agitation began Judge Wells has been outspoken in behalf of the movement and spoken ably for the white metal in various parts of the State.

The News Misinformed.

Hon. Wm. Woodburn refused to take the case concerning the County printing for Mr. Sam Davis, of the APPEAL, saying the case could not be won; and everybody knows that William Woodburn can win a case if anybody can. Yet Mr. Davis says that Mr. Woodburn endorses the opinion of General Clarke.—News.

Mr. Woodburn was shown the above yesterday and said:

"The News has no authority for making the above statement. I had some conversation with Commissioner Bray yesterday, in reference to the matter, but made no statement to him which would warrant the paragraph in the News. I never refused to take your case. I did not appear before the Board for the reason as I stated to you the day before, that I had prior engagements before the Board of Pardons, which rendered it impossible for me to appear before the Board of County Commissioners, but for these engagements I should have appeared before the Commissioners and argued the case in behalf of the APPEAL."

Board of Pardons.

Frank Hawley, in for robbery. Denied.

O. B. Nay, for robbery. Denied.

Wm. Williams, grand larceny. Denied.
